REV. J. H. PALMER

Will Assist in Services at Portage Chapel.

The committee of the First Baptist church having in charge the services at the Portage Baptist chapel at the corner of South Maple and Douglas sts., has secured the assistance of the Rev. J. H. Palmer, recently of Pittsburgh, Pa., to aid them in their work. Mr. Palmer has been engaged for some months in a mission work of the Fourth ave. Baptist church of Pittsburgh and has succeeded in building up a strong interest there. He will be present at the Sunday school service in the afternoon and will preach in the evening at 7 o'clock. A general invitation is extended to all who live in that part of the city to attend these services.

PROCESS**Of Purifying Milk Explained**

By Mr. H. B. Camp,
Pres. Pure Milk Co.

Stories Giving Wrong Impression Corrected.

Milk Is Not Sterilized, but Pasteurized and Clarified.

Although a new enterprise, the business of the Akron Pure Milk Co. is growing steadily, as the quality of the milk has given satisfaction wherever used. Of course, some obstacles are met in introducing the business, but these are being overcome as fast as they are encountered.

One of the latest obstacles is a story, purporting to have come from a Cleveland Health Officer, to the effect that sterilized milk is not good for babies. Although the Akron Pure Milk Co. does not sterilize its milk, the story seems to have been circulated here, apparently for the purpose of giving a wrong impression of the business of the local pure milk concern.

On Thursday evening a reporter for the Democrat called on Mr. H. B. Camp, president of the Akron Pure Milk Co., and asked him if there were any truth in the statement alleged to have been made by a Cleveland Health Officer.

In reply, he said: "I don't know whether sterilizing milk makes it injurious to children, or not, but the milk supplied by the Akron Pure Milk Co. is not sterilized. We sterilize the cans and bottles, but clarify and pasteurize the milk. We do not heat it above 146 degrees Fahrenheit, and it is subjected to this heat but a very short time, and then cooled off as quickly as possible. As it requires 212 degrees to boil water, the idea that pasteurizing cooks the milk is necessarily erroneous, as pasteurizing has no effect on the milk which prevents cream from rising on it afterward.

"The purifying process simply takes away the hair, barn-yard manure, and other fifth found in nearly all dairy milk, which cause it to ferment quickly, to say nothing of worse results, which often follow. We are always glad to have people interested in our plant and the processes of purifying and pasteurizing milk.

"We are now making an effort to deliver the milk before breakfast. By doing this we will get the milk from the cows to our customers 24 hours sooner than by the old method, as heretofore we have pasteurized to-day's milk for tomorrow's delivery.

"It is our intention to have an agent call on our customers, at least once a week and supply them with tickets, because the milk peddler will often call before the customers are up. We will also supply our customers with credit slips which they can use when they are out of tickets. This credit slip will notify the office that the customer is out of tickets, and a fresh supply will be furnished at once.

"It will be necessary for customers to leave empty bottles where the driver can get them, and the money, tickets, or credit slips must be left in the bottles, to insure delivery of the goods."

Wants to Help Others.

"I had stomach trouble all my life," says Edw. Melher, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure, and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat.

Wm. Warner, Gem Pharmacy, 113 South Howard st.

FREE STATE**Delegates Ordered to Reach Decision,**

Or be Counted Out in Negotiations For Peace.

London, April 17.—Serious differences, it is said, have arisen between the Transvaal and Free State delegates, who are discussing peace terms at Pretoria.

Gen. Botha and Acting President Schalkburg, it is reported, have given the Free State representatives until April 21 to come to a decision, threatening that thereafter the Transvaal delegation will continue the peace negotiations independent of the Free State delegates.

It is further declared that Botha and Schalkburg had practically agreed upon terms for surrender prior to their visit to Klerksdorp, but out of loyalty to their allies, insisted on a conference through with slight hopes that their views would be shared by General De Wet and the other Free State leaders.

RUBBER NEWS**Patents Granted Akron Men.****Baseball Players Are Looking Up.****India Rubber World Editor Here.**

Louis A. Stelzer of the Goodrich Co. has obtained a patent on a machine for deculcanizing, or reclaiming, rubber. The Goodrich Co. has done a large business in reclaiming and it is said, will use the Stelzer patent.

Thomas W. Miller, manager of the Faultless Rubber Co., has been granted a patent on an improvement in seamless rubber goods.

There is talk of baseball teams among employees of several of the rubber factories. None have been organized as yet, but undoubtedly will be. The rubber workers have had some strong ball teams in the past.

Mr. Henry C. Pearson, editor of the India Rubber World, was a recent visitor to Akron. Mr. Pearson is known personally to every rubber manufacturer in the United States, and is the author of a valuable work on rubber, "Crude Rubber and Compounding Ingredients." A striking resemblance between Mr. Pearson and Prince Henry of Prussia was noticed by all the former's friends at the time of the Prince's recent visit to the United States.

A VALUABLE MEDICINE. For Coughs and Colds in Children

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by all druggists. E. Steinbacher & Co., wholesale agents.

APRON OFF.**A Butcher Will Put On a Suit of Blue.**

Seward J. Rex, a butcher, aged 34, of 1042 South Main st., was enlisted Thursday at the recruiting station by Sergeant Donahue, for the coast artillery service. Of the 66 recruits enlisted at the Akron station, Rex is the oldest, being within one year of the age limit.

WANT TO KNOW**WHO TOLD SECRETS****Rev. R. A. Jones, His Congregation and True Reformers Investigate.**

There has been considerable anxiety in certain colored circles in Akron, since the publication in the Democrat, of the story to the effect that Rev. R. A. Jones, of the Second Baptist church, had caused a flutter in his church through his opposition to dancing. Every effort had been made to confuse knowledge of the affair to those who were directly interested, and after the news had been made public, Rev. Jones made warm addresses, both in locale, of the True Reformers, and in his church, devoting his remarks to the persons who had permitted the state of affairs to become public. This further aggravated the condition among the members of the True Reformers, it is said, and it is feared that officers of the order from outside may be called here to settle the matter.

In the meantime members of the younger element among the True Reformers declare for dancing, and say that they will arrange for some very enjoyable affairs, to take place at the Gorge this summer.

The Colonial with a rush, and the indications are that one of the most brilliant audiences ever assembled in the theatre will greet these distinguished stars tomorrow night. The appearance of Madame Modjeska and Mr. Louis James, Saturday evening, in "Henry VIII," has been anticipated as one of the most brilliant dramatic events of the local stage in many years.

"Miss Bob White" comes to the Colonial next Thursday night. Alma Doerge in "The Gypsy Cross" will be at the Colonial Tuesday evening.

Different and Better. Different from all others because they contain no opium or any of its derivatives. Better than all others because they effect a cure through the Nerves and Heart. HALL'S CORNER AKRON

PROTEST

Against Having Their Street Torn Up.

Citizens on South Broadway, between Mill and Market, have sent a protest to the City Commissioners against the granting of permission to the Akron Water Works Co. to tear up Broadway st., while laying a main pipe line for the benefit of North Hill citizens. The intention of the company is to continue its main line on Broadway, from Center st. to Ridge st., on Ridge st. to Furnace st., and on Furnace st. to Howard st., connecting with the line now supplying North Hill. This will be of great benefit to North Hill citizens, but the people on Broadway believe that a different route should be selected.

That Made-to-Order Look

Is characteristic of the clothing we sell.

It's the Workmanship

That gives them that look. For that reason they will retain their appearance and style. YOU WON'T BE SORRY if you buy your Spring Suit of us. We guarantee our prices, you know.
